Our basketball studio designs are a quick and easy approach to selecting your entire uniform range. There are 20 set designs for your team to consider. The studio designs illustrated below can be printed onto any garment you may require in your uniform range.

You then select your desired team colours from over 200+ colours we have in our standard colour range (refer to inside of the back cover). You then provide us with your club logos and/or sponsors logos & we insert into the studio design accordingly.

We will then provide you with electronic illustrations so you can proof & check your entire uniform range - to ensure your total satisfaction.

It's as easy as 1, 2, 3...
